THE WEEKLY MEMO

*Improved with
Exclusive New Features
for your convenience*

1. Don't tear off sheets! Retain them for future reference! The most outstanding feature of convenience of your WEEKLY MEMO is its system for retention of out-of-date pages. Because of the unique wire form used to mount the calendar pad, expired pages can be turned to the back of the pad and yet kept on the front of the cardboard. This eliminates completely the unruly, unsightly wad of sheets on the back (Fig. 2). The operation is simple: Just start the expired page down behind the special mounting wire bar (Fig. 3). Then put your hand under the pad, on top of the expired sheet and pull it down into position (Fig. 4). This WEEKLY MEMO will look as neat and orderly in December as it does in January!

(Fig. 2)

2. The small figures at the left of the date (Fig. 1) indicate the dates in that month on which the same day of the week occurs. Thus, each full weekly sheet shows in convenient form a complete monthly calendar. This feature is in addition to the small month in the upper right hand corner of the page.

(Fig. 3)

3. The small figures at the right of each date (Fig. 1) denote the day of the year. These are known as counting-house figures. They're useful in figuring maturity dates, storage periods, gestation periods, etc.

4. The die-cut Monthly Index at the bottom of the pad (Fig. 1) is an exclusive feature *not available on any other calendar of this type*. It is a true "fingertip index" that simplifies locating dates for future notations and for reference to past memoranda.

Everything that is done in this world is done by hope.

1 8 15 22 29	MONDAY 1 NEW YEAR'S DAY 1	Watch Rose Parade & Bowl Games, at least. Almost no other plans in mind.	
2 9 16 23 30	TUESDAY 2	Return to Cypress College for first time since holidays. Note: Lemer is half-Jewish!	
3 10 17 24 31	WEDNESDAY 3 3	Made phone calls to apply for possible jobs only to end up in failure. However, I am trying to see if I can get a job at the bookstore.	
4 11 18 25	THURSDAY 4 4	Go to Auto Club and pick up bus pass. On second thought, we didn't do it at all.	
5 12 19 26	FRIDAY 5 First Quarter 5	Uncle Ben's and Danny's birthday. Went with Grandma to Graplan's for dinner, and after that, to her house to fix up her new tape recorder.	
6 13 20 27	SATURDAY 6 Epiphany 6	Went to Gemco today and picked up a new microwave oven. Also got J.V. antenna.

We are never so generous as when giving advice.

1 8 15 22 29	MONDAY 8	Returned to Junior Achievement for first time since the successful L.A. trip I had with Jane.	
2 9 16 23 30	TUESDAY 9	Dominica Water's birthday - anyone remember her? Other notes: I missed Easyrider bus at 8 a.m. and had to settle for bus driver named Cindi Cooper (no relation to Julie or Barbara)!	
3 10 17 24 31	WEDNESDAY 10	My parents went to see Kathy Fay for an important meeting about my schedule for next semester. Possibilities: Typing and busi- ness machines. Called Nancy while Dr. Gaffney came over to our house; shipped Charlie's Angola.	
4 11 18 25	THURSDAY 11	Went to Aztec Bowl in Buena Park and in the first game, I came from behind to win on our team! My parents went to a marriage encounter in La Mirada... While Mark & Mindy were doing their thing, I signed Mom's Birthdays card!	
5 12 19 26	FRIDAY 12	At Buena Park Center, while my schedule is still being worked on, a sweet thing that reminded me of Williams (wiz) happened to me. Barbie and Vickie came over home and asked me this question: "When are you going out with Lemme?" The simple answer: I don't know!	
6 13 20 27	SATURDAY 13 Full Moon	Mom's birthday - so what else is new? I hate to be a loser - but almost all my sweet momentum has disappeared! And the best part of this day is that it finally comes to an end. It was just too much for me to handle.

Never confuse motion with action.

7 14 21 28	SUNDAY 21 Last Quarter	21	<i>Very Stalled</i> It wasn't easy, but Super Bowl III finally managed to come up on top of Anne Frank, Alice & Bob, Mr. Baby, Frank & Mira, and an attractive restaurant where I couldn't wait! 1 8 15 22 29	MONDAY 22	22	At Junior Achievement I picked up two more trivets, but this time got them from an auction. However, my new job at H & R Block turned out to be the winner of the day as I started out a real success!	
2 9 16 23 30	TUESDAY 23	23	Had a typical backwards day: missing the Easy Rider and sitting for Cindi Cooper (don't be confused, since I saw Barbara Cooper later in the day); getting brushed off by Lenora, etc., etc. To make it sweet, we left class early.	
3 10 17 24 31	WEDNESDAY 24	24	Worked at H & R Block from 9 a.m. to 2:30 and handed Mrs. Burke student placement paper to fill out. Meanwhile, what did Lenora do? She took another guy out to the L.A. Kings hockey game on her last Y. M. C. A. appearance of the year.	
4 11 18 25	THURSDAY 25	25	On final day of semester, I delivered special mail out to Adult Ed office to Jan McKinley, who later asked me to give it to the mail room.	
5 12 19 26	FRIDAY 26	26	I tried so hard to end the last R. O. P. semester day on a sweet note, by saying good-bye to Barbara Cooper for a while, but never made it.

1 8 15 22	THURSDAY 8	39	Made it back to R.O.P. for first time since Jan. 25, and saw almost everybody! Vickie Williams drove me there. But the D.M.V. was more important than anything else, so I got a new temporary identification card. The real one comes in three months later.	
2 9 16 23	FRIDAY 9	40	Biggest surprise of day was tickets to Lakers-Cavaliers game, where L.A. won 106-103. At the game, Mom wore her brand new brown boots she picked up from J.C. Penney one day ago.	
3 10 17 24	SATURDAY 10	41	Drove to Standard Shoes today, and while Mom was checking the condition of her tan boots, someone named Sharon called the place where I work "H.R. Ruffnut!" Ruthie's quitting H & R Block, though. Also went to Linda's.

Marti Carrington, whom I don't know too well and has the same nickname as myself, is the newest vice-president of Administration at Junior Achievement! And if I end up being her secretary, and I mention all this to Nancy R., she'll quote out "Marty vs. Marti!"

I was ~~so~~ upset when I had to settle for a 46 Bus instead of the Easy Rider, which had Barbie Doll waiting for me to get loaded with "sugar" (Wisheimer, not Benton.)

7 14 21 28	WEDNESDAY 21	80 Last Quarter	Finally picked up that College Typewriting book that I wanted for almost a year. Hearing that it might rain, I decided to bag that new book.																																											
1 8 15 22 29	THURSDAY 22	81	Went to Lora High School instead of Cypress College; ran into Kelly Althaus, Dana Kubers and Karen Scott — and all three girls wished me a Happy Birthday (19 already?), which is tomorrow, of course!																																											
2 9 16 23 30	FRIDAY 23	82	Oh, Barbara (not Julie), thank you for making my 19th birthday a real success with that card! Believe it or not, I ran into a flock of waitresses (all of them pretty) who sang "Happy Birthday" to me at Jojo's! They made my day.																																											
3 10 17 24 31	SATURDAY 24	83	We were supposed to be attending an H & R Block Banquet tonight, but lost it all when 1.) we could not find the place, and 2.) ended up with a flat. We all went to the Royal Peacock instead. Earlier in the day, I got a new transistor radio at Brea Mall.

2 9 16 23 30	MONDAY 30 120	What a shame! I get a clerical test back from Alena and Noretta asks me not to do any record keeping from my book while at R.O.P. Office.																																											
1 8 15 22 29	TUESDAY 1 121	It was catch-up time in the accounting class, because I hardly understood anything that we did in Chapter 5, and I obviously thought that the test was going to be a real killer. Debbie and Loretta gave me sweet talk today!	<div>MAY</div>																																										
2 9 16 23 30	WEDNESDAY 2 122	Wow! I'm relieved! The accounting test wasn't as hard as I thought it would, so I did all right in it! Meanwhile, I also started to get ready for our test in Business English, coming Friday.																																											
3 10 17 24 31	THURSDAY 3 First Quarter 123	Thanks to a shortened Gr. Achievement meeting, I finally got to watch Mork & Mindy! But the biggest news of the day was an impressive 65 score in my accounting class despite all the horrendous parts I did in Chapter five.																																											
4 11 18 25	FRIDAY 4 124	Another appointment, according to Kathy. She wants me to see Debbie next Monday so that she can help me find a summer job. Guess who was a passenger on the Easy Rider this morning? Letitia Norris!																																											
5 12 19 26	SATURDAY 5 125	Apparared that everything was to go wrong today, with usual loudmouthed habits and Saturday morning flasting stories, I went to Carol Foster's house today and she bought 4 trinks! Also, we went to Bess Mall, and took home three new shirts for myself.

7 14 21 28	127	7		TUESDAY		8		Very sweet day for me again, considering that you ran into a lot of girls named Debbie, including the Easy Rider bus driver (Copp), and also the fact that I had my scheduled dentist appointment, where Dr. Berger's trospettes made my day.

My debut at Dorcy Cycle Corp. has been an instant smash, as I helped Claudia, Betty and Zeng with the bicycle wheels. My Debbie Graham gave me a lift there. Bobby went on the road to Philadelphia again!

Shera Gib made her debut at Dorcy Cycle today, as we started to package baby seats together. I was also introduced to Lou Myers a married blonde who was on her way to telling me beer stories!

Results of how my clerical learning position in July is coming up so far: pretty good!

Off to a rocky start this morning: turned in both library books the hard way (struggling along with a paper bag), needed catch-up on accounting, couldn't play racquetball. And then, Debbie came over and turned the rest of my day around! Clerical book came in mail.

What a deal! I checked out eight trivets last night and I sold them all! Two of the so-called "hot plates" went to Rosalie (Easy Rider) who also brightened my day! Another went to our employee, Lou Myers, who gave me a typical day of sweet talk!

Hot date tonight on Cousin Toby's 28th birthday! We picked her up at around 6:30 and took her and myself to B. P. Recreation Center for square dancing. Also we went to Aunt Shirley's house where I helped someone named Sherry make coffee.

TUESDAY		After a 5½ month dry spell, I finally got to talk to Diane Levin this evening, and in a very sweet way. 2½ hours of "gab session"! Besides chatting with Diane, I bought Dad and nephew gifts at Buena Park's "The Treasury."								
WEDNESDAY		Surprise of the day comes from Dorcy Cycle. Pat Robinson told us she was born and raised in Fla. And what are those beach bumps up to, telling me nutty stories about my own cousin, Barbara Chain?								
THURSDAY		Marty, Lori, and Valerie were names that have been given to me on the 'Beach Bus Today!' David Chain was a real surprise: he came over to our house, and obviously had thoughts about Barbara coming over here!								
FRIDAY		Oh, my gosh! What are those waitresses at Jojo's doing to me? One of them gave me strawberry yogurt that I ordered with a candle on top, celebrating the first anniversary of my graduation from high school! I was flattered!

THE METRIC SYSTEM

The United States is virtually alone in a world that measures by the simpler Metric System. Politically and economically it cannot remain isolated, clinging to the archaic inch-pound system of measurements. The conversion is inevitable. To prepare for a better understanding of the Metric System the following primer information will be helpful.

DEFINITION OF COMMON UNITS

UNITS OF LENGTH	UNITS OF VOLUME	UNITS OF MASS OR WEIGHT
Millimeter (mm)	Liter (l)	Kilogram
Centimeter (cm)	Milliliters (ml)	Gram
Meter (m)	Cubic Centimeters (cm ³)	
Kilometer (km)	Cubic Millimeters (mm ³)	
	Cubic Meter (m ³)	

To know the commonly used units in the Metric System it is only necessary to memorize:

10 Millimeters (mm)	—	1 Centimeter (c)
100 Centimeters	—	1 Meter (m)
1000 Meters	—	1 Kilometer (km)
1000 Grams (g)	—	1 Kilogram (kg)
1000 Kilograms	—	1 Metric Ton (t)
1000 Milliliters	—	1 Liter (l)

The only numbers involved in the relation of the common metric units are 10, 100 and 1000.
